Backend: Node.js, Express.js, MySQL, MongoDB, Firebase, JWT

Tools: VS Code, Version Control(Git), GitHub, Postman, WordPress

Soft Skills: Teamwork, Communication, Adaptability, Time Management.

Programming Skills: C, C++, Java, PHP

PROJECTS

PeddyCare (Pet Adoption)

[Live Link](#) | [Client](#) | [Server](#)

- **Pet Adoption System:-** Users can browse pets, view details, and submit adoption requests through a seamless process.
- **Donation Campaigns:-** Users can contribute to pet welfare through secure **Stripe** payments, with real-time donation tracking.
- **Role-Based Dashboard:-** Users can manage adoptions and donations, while admins oversee users, pets, and platform operations.

Tech Stack:- React, Tailwind CSS, Axios, Context API, Tenstack Query, Node.js, Express.js, MongoDB, JWT, Firebase.

HonestView (Review System)

[Live Link](#) | [Client](#) | [Server](#)

- **Service Management:** Users can add, update, and delete services, ensuring dynamic interaction with the platform and efficient service management.
- **Review System:** Allows users to post, edit and delete reviews for services, creating an interactive feedback system for users to share their experiences.
- **User Authentication with Firebase and JWT:** Implemented secure login and registration using Firebase Authentication and JWT for protected API routes.

Tech Stack: React, Tailwind CSS, Axios, Context API, Node.js, Express.js, MongoDB, JWT, Firebase

MovieVerse (Movie Portal)

[Live Link](#) | [Client](#) | [Server](#)

- **Movie Exploration & Details:** Users can easily explore and view detailed information about various movies, providing an engaging and informative browsing experience.
- **Favorite Movies Management:** Allows users to save and manage their favorite movies, making it easy to revisit and organize preferred content.
- **User Authentication with Firebase & Google Login:** Implemented secure authentication using Firebase, allowing users to register, log in, and authenticate with Google for seamless access.

Tech Stack: React, Tailwind CSS, React Router, Context API, Node.js, Express.js, MongoDB, Firebase

EDUCATION

University of Barisal

Bachelor of Science (Hon's) in Computer Science and Engineering.
